Apologies Nichola P

Matters Arising All actions done.

Officer's Reports

Chairman

A strange year, due to the restrictions. The indoor shoot went well ,despite the theft of equipment. It has been difficult since March. Thanks to the outdoor sessions people and their hard work to make the shooting covid safe.

Treasurer

Financially things are stable, the same as last year. The main expense is the venue hire. Spent £2845 On equipment which was much needed. Admin costs have gone down , £245 from £1050 last year. £12,133 in the bank.

Child Protection

Risk assessments were carried out before shooting, all was ok, no concerns raised.

Equipment

The new shed for Warton was built, 35% over budget, maintenance needed on the old shed. Ordered a new boar. Targets need maintenance before indoor use, some have been rebanded. The new targets are very good. MBA Facebook account has been deleted.

Tournament

2 comps have been held, both well received with participants from all over the region. Thanks to those who helped out. Probably no comps for the next 12 months, as there are a lot of rules around COVID-19, which makes it stressful and unpleasant.

Records

Quiet , unsurprisingly. Need a few more badges.

Coaching

Nye has been helping out coaching at the Uni, but is available to help anyone who needs it.

Matters Arising

It was suggested that the indoor shooting nights are separated, rather than 2 in a row. Ian will speak to Dallam to see if that's possible. Tues/thurs, ideally. Going indoors when the clocks change, beginning Oct. Need to sort the gate problem, more people need the gate code. Need a risk assessment for the indoor shooting.

Fees to stay as they are- £175 for the year.

Beginners courses to be advertised on Facebook and Twitter. No equipment for them though, but have the funds to buy what is needed. Fee £75 for the course and a reduction if you join the club. 6 x 2 hrs Or 3x 3hrs. for the course. Advertise this and see what the interest is.
